

Cencora Impact Foundation prospectus

Cencora Impact Foundation overview

The Cencora Impact Foundation is an independent, not-for-profit charitable giving organization, established by the Cencora Corporation with a mission to improve the health and well-being of patient populations – both human and animal – by partnering with organizations to expand access to healthcare around the world.

Funding areas

The Cencora Impact Foundation collaborates with organizations to implement projects aligned with the Corporation's global footprint with the common objective of providing everyone, both humans and animals, with a fair and just opportunity to be as healthy as possible. Specific areas funded include:

- **Human health:** Supporting access to healthcare for underserved populations around the globe.
- **Animal health:** Improving the health of service, companion, and production animals that support humans and advance disaster response.
- **Prescription drug safety:** Combating prescription drug misuse through safe disposal, innovative solutions, and mental health support.

Projects

- The Foundation funds projects that align with its mission and areas of impact.
- The Foundation primarily partners with organizations that have a broad national/international geographic footprint.
- The Foundation does not accept unsolicited funding requests.
- The following types of organizations do not meet eligibility requirements to receive funding:
 - Customers of Cencora or organizations that have any type of business relationship (or have had any type of business relationship in the last two years) with a Cencora Corporation business entity;
 - Hospitals, health systems, hospital/ health system foundations or physician practices, or any other hospital/ health system-related entities;
 - Municipalities or government agencies;
 - Governmental entities with regulatory oversight over Cencora; or
 - Entities that are not 501c3 or international equivalent organizations.
- The Foundation does not make grants for academic or scientific research, media or advertising, treatment-related services, or pharmaceuticals; permanent positions; programming within a hospital, health system, or physicians' practice.

Foundation governance

The Foundation is governed by a majority independent Board of Directors. A Grantmaking Committee made up of leaders from across the enterprise is responsible for reviewing applications, resolving questions, and interpreting eligibility requirements. Together, the Foundation Board of Directors and Grantmaking Committee provide effective, ongoing decision-making on behalf of the Foundation.

Note to prospective grantees

We are proud of our commitment to deep lasting partnerships with our grantees around the world as well as supporting the organizations our team members care about through our matching gifts and Volunteer/ Nonprofit Board Service Grants programs. However, we are not currently accepting new requests for partnerships or funding.
